

Request for new members of the Executive Committee.

The GFGS Executive is actively seeking to recruit a number of new members. Two members have retired from the committee and several others will be retiring during the next 2-3 years.

The Executive carries out important work in managing the current services to its affiliated clubs and societies. You will all be aware of the insurance scheme, the training of judges for your shows, the speakers list and the availability of advice. The encouragement of school gardening in areas where we have affiliated clubs and societies is also an important part of our work.

We urge you to consider, or to encourage any interested member of your own club/society to consider, seeking election to the executive. Any current member of the executive will be happy to talk to anyone expressing an interest and explain how the executive works. Contact details are on the GFGS website www.gfgs.org.uk

Only 12 counties have a federation or similar organisation and only 3 have a Guild of Judges so our affiliated clubs and societies have a service available which is not available to those in many other parts of the UK. So, if you feel you can help the Executive to continue to offer the current services to our local gardening clubs and societies please contact one of our members of the Executive.

Please do your best to respond positively to this request in order to help your federation to continue its important work.

(Chairman of the Executive, GFGS)
